PETITION: To all elected, appointed and/or hired government officials who have sworn or affirmed to support and/or defend the Constitution of the United States of America: We are demanding that you honor your oath of office (which is a contract with us as a provision of your holding, and continuing in, office), and act immediately to recognize, honor and defend all members of the second group named in the Constitution to receive the exact same benefits, blessings and protection from the Constitution and this nation as "ourselves". That second group, named right alongside "ourselves", is "our Posterity", all our descendants until the end of time, which, at minimum, includes our young, yet to be born, descendants in the womb. You must, now, prohibit abortions of "our Posterity".
